

Makes Requesting, Collecting & Retaining Certificates of Insurance Simple.

Manually Managing Certificates of Insurance is Time Consuming, Risky and Inefficient.

Increasingly Complex Construction Contracts, Regulatory Changes and Insurance Exclusions Place Contractors at Great Risk.

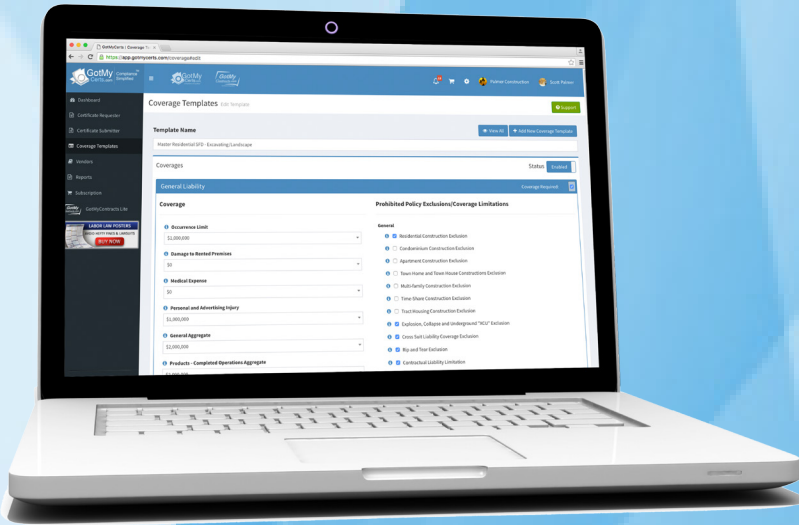

Are You Properly Transferring Risk to Your Subs for the Work They Perform?

To Learn More Visit www.GotMyCerts.com or call 385-237-4717.

Requesting Certificates is Easy

- Setup insurance coverage requirements and indicate unacceptable insurance exclusions.
- Requirements are pushed to vendors & their insurance agents.
- Agent uploads certificate, endorsements & policy.
- Agent affirms coverage requirements.
- Ensure coverage doesn't cancel with automatic monitoring with confirmation by vendor's insurance agent.
- Renewals processed automatically.
- Insurance audits greatly simplified.
- Long term storage for easy retrieval in the event of litigation.

Easily Create Custom Coverage Requirements

Certificate Submitter's Insurance Agent/Broker Confirms Coverage

- Don't rely solely on the certificate of insurance.
- Certificates don't even mention important policy exclusions.
- Agents confirm important coverage details.
- Agents affirm that prohibited exclusions aren't present in their client's policy.
- Ensure that "Additional Insured" form is correct.

Rely on the Vendor's Insurance Agent's Expertise
