

Cyber Liability

Top 5 Reasons You Need Cyber Liability Coverage

1. Breach of Network Security – A data breach can involve the loss or theft of either customer data, company data, or employee data.
2. Data Recovery Costs – Once personally identifiable information has been lost or stolen, you must incur the necessary costs to recover it.
3. Breach Notification – Upon the discovery of the incident, you are legally required to notify those parties affected by the breach.
4. Regulatory Fines/Penalties – There are specific state and federal fines or penalties which you are required to pay.
5. Loss of Income/Revenue – The time it takes to resolve the situation may keep your company from functioning, resulting in a huge loss of revenue or
